College Police and Safety

It is the policy of the San Diego Community College District (SDCCD) Board of Trustees to protect the college community and to protect the property of the district. Under the general direction of the Vice Chancellor, Facilities Services, the College Police Department ensures that reasonable protection is provided by using methods that fit within and contribute to the educational philosophy of the institution.

Community College Police officers are sworn peace officers in compliance with the California Education Code and the California Penal Code. They receive the same training as all peace officers in the county and state and they have the same authority on or about the campus as San Diego Police Department (SDPD) officers.

The College Police Department receives reports of all incidents occurring on campus and is responsible for investigating all campus crime. In addition, the department has a working arrangement with the SDPD to provide assistance for incidents that require special resources.

You can report crimes anonymously via the San Diego County Crime Stoppers website at: sdcrimestoppers.com.

Emergency Notifications

The San Diego Community College District is committed to ensuring the safety of our students, faculty and staff. The District is in the process of implementing a comprehensive emergency notification system which will include: emergency classroom phones, an office telephone call back system, parking lot call boxes, a public address system, an email notification system and a cell phone notification system. These systems will be used to make timely notifications should the need arise.

In case of a campus emergency or college closure, students should check the District website for up-to-date information at: sdccd.edu.

The District will also communicate college emergency information through emergency cell phone numbers if it is provided on Reg-e.

Log-on to Reg-e at: studentweb.sdccd.edu to provide this important information.

Crime Prevention

It is the philosophy of the SDCCD that security is everyone's business. Students, faculty, staff and visitors are partners in creating an atmosphere that is safe and conducive for learning. One of the essential ingredients of any successful crime prevention program is an informed public. It is the goal of the SDCCD to inform students and staff in a timely manner of any criminal activity or security problem that may pose a reasonable threat to their safety. Such information will be distributed to students through this brochure, newsletters, posted notices, student publications and the District web site.

Faculty and staff are informed through inhouse memos, bulletins, newsletters and email. Finally, all effective crime prevention programs include people watching out for one another. All staff and students are asked to be alert, security conscious and involved. Call College Police at 619-388-6405 whenever you see suspicious behavior.

The SDCCD Police Department posts crime prevention alerts, campus crime alerts, safety alerts and safety bulletins on its website at: police.sdccd.edu/alerts_news.cfm.

Campus Safety and the Clery Act

This brochure is published in compliance with the “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act” that requires U.S. colleges and universities that participate in federal student financial aid programs to disclose information about crime on and around their campuses.

Who was Jeanne Clery?

Jeanne Ann Clery was a 19-year-old Lehigh University freshman who was raped and murdered in her dorm room on April 5, 1986. Her parents later found out about 38 violent crimes on the Lehigh campus in the three years before her murder. They joined with other victims of campus crime and persuaded Congress to enact this law, which was originally known as the “Crime Awareness and Campus Security Act of 1990.” For more information on “The Clery Act” go to: securityoncampus.org.

Clery Act Summary:

- Schools must publish an annual report disclosing campus security policies and three years worth of specified crime and arrest statistics.
- Schools must make this report available to students, faculty and staff, and applicants for employment.
- Schools must make timely warnings to the campus community about crimes that pose an ongoing threat to students and employees.
- Each institution with a police or security department must have a public crime log.
- The U.S. Department of Education centrally collects and disseminates the reported statistics (ope.ed.gov/security).
- Campus sexual assault victims are assured of basic rights.
- Schools that fail to comply can be penalized by the U.S. Department of Education.

Reporting Policy for Annual Crime Statistics

The District office of Student Services and College Police are involved in a coordinated effort to generate, compile and report crime, arrest and student disciplinary information contained in this report. District employees who hold

significant responsibilities for students and campus activities also provide reportable crime incident information for this report. Relevant crime data from the San Diego Police Department, through the Automated Regional Justice Information System (A.R.J.I.S.), are also included. The College Police department closely reviews all data to ensure accuracy and to avoid any possible duplication.

Megan's Law: Sex Offender Registration

Faculty, staff and students of the San Diego Community College District may obtain information on registered sex offenders who are students, employees or volunteers at a specific college center or facility within the District by calling College Police at 619-388-6411 to schedule an appointment.

You can search online for sex offenders in the city of San Diego by using the interactive map at: meganslaw.ca.gov and in the county at: arjis.org. Or visit the San Diego Police Department, 1400 "E" Street, San Diego, CA 92101, between 8:00 a.m. and 5:00 p.m., Monday through Friday. The National Sex Offender Public Registry is available through the U.S. Department of Justice at: nsopr.gov.

Sexual Assault and Acquaintance Rape

Sexual assault is a horrible and traumatic crime. However, there are many misconceptions about sexual assault and rape.

What is Rape?

The crime of rape generally refers to nonconsensual sexual intercourse that is committed by physical force, threat or injury, or other duress. A lack of consent can include the victim's inability to say "no" to intercourse, due to the effects of drugs or alcohol. Rape can occur when the offender and victim have a pre-existing relationship (sometimes called "date rape"), or even when the offender is the victim's spouse. Some states, including California, make it unlawful for an adult to engage in sexual intercourse with a person who has not reached the age of consent (usually 18 years of age), a variation of rape known as "statutory rape."

The most common type of rape is acquaintance rape.
(Date rape is one type of acquaintance rape.)

What Can You Do About Sexual Assault?

Know that you have the right to sexual limits. It is your body and no one has the right to force you to do something you don't want to do. Learn to feel comfortable with this right. Make your expectations clear. If you don't want someone touching you, let them know in a clear, forceful manner.

Here are suggestions to help reduce your risk:

- There is strength in numbers or group dates. Go to parties or clubs with a friend and be responsible for each other. Don't split up. Have a pre-planned signal to let your friend know that you want to leave or need help.
- Control your alcohol; don't let it control you. Drink responsibly or not at all, especially on first dates.
- Do not abuse any substance that might hinder your ability to say "no."
- Know your limits. It's never too late to say "no." Don't be embarrassed or ashamed to say "no" or ask someone to stop. It is your body.
- Verbalize your expectations. Be up front. Talk about sexual boundaries. A potentially embarrassing conversation could save you from a traumatic situation.
- Trust your gut instinct. Guard your personal space. If someone makes you uncomfortable, remove yourself from the situation.
- Believe in yourself. Know your rights. You do not ask to be raped any more than anyone with money in their pocket is asking to be robbed. You are in charge of your body and you can say "NO!"
- Learn self-defense from a licensed professional instructor. If you choose to carry chemical spray, take the necessary classes. The District offers Rape Aggression Defense classes for women at various times and dates throughout the year.
- End the night early if your date becomes drunk or abusive. No one deserves physical or emotional abuse. NO ONE.

What if it Happens to You or Someone You Know?

If you or someone you know is assaulted, know what to do. If you are raped, you are never to blame. There are people who care and want to help.

- Get to a safe place. Get help immediately. Call the police. DO NOT shower or change your clothes. Go to the hospital.
- It is important to your health and well-being to be checked for injuries and sexually transmitted diseases such as HIV.
- Retain any clothing of yours or the suspect's and materials that could provide evidence (e.g. bed sheeting, condoms, etc.).
- Call a rape crisis center.

The San Diego Community College District has a disciplinary procedure (Policy 3100.2) for cases of alleged sex offenses that occur on campus and sanctions that may be imposed. You will be informed of the outcome of these proceedings and also be afforded the opportunity to change your academic situation if you request it and it is reasonably available to do so. Criminal action may be taken by the district attorney and civil action can be brought by the victim.

Sexual Assault Prevention and Education Resources

- The College Police, college or Continuing Education counselors, and Health Services personnel will assist you in contacting any of the off-campus organizations at your request.
- Escort service is available by contacting the College Police.
- Health Services and College Police offices have pamphlets available containing detailed information from the San Diego County Sexual Assault Response Team (S.A.R.T.).

Preventing Rape by Intoxication through Community Education (PRICE)

Rape by intoxication is a growing crime, particularly among 18-25 year olds. That's why the PRICE Coalition was formed. The PRICE Coalition includes members of law enforcement, local universities and colleges, the military and Center for Community Solutions. All of these groups have teamed up to educate young people how they can stop this crime before it ever happens.

Recognize the warning signs, and always look out for your friends. If you or someone you know has been the victim

of a sexual assault, know that there are resources available to help. Together, we can save lives, and prevent rape by intoxication. For more information go to: sdcca.org.

Rape Aggression Defense (R.A.D.)

Personal Empowerment and Safety Education Course for Women and Children

The Rape Aggression Defense (R.A.D.) System is a comprehensive course that begins with awareness, prevention, risk reduction and avoidance, progressing on to the basics of hands-on defense training. It is dedicated to teaching women defensive concepts and techniques against various types of assault using easy, effective and proven self-defense / martial arts tactics.

R.A.D. is currently being taught by certified instructors at many colleges and universities. R.A.D. provides effective options by teaching women to take an active role in their own self-defense.

In October 2000, San Diego Community College Police Department began offering the R.A.D. Program. All female students, faculty, staff and guests are encouraged to sign up for this proactive training. For additional information and classes please visit the San Diego Community College District Police Department website at: police.sdccd.edu/rad.cfm.

Security Tips

Precautions to Take at Home

- If you live alone, list only your last name and initials on your mailbox or in the phone directory.
- If you just moved into a new residence, change all locks. You never know who might have a key.
- Install a through-the-door peephole so you can see anyone outside your door before you open it.
- Don't rely on chain locks. They are great privacy locks, but they are not security locks. Install good security locks.
- Never dress in front of windows; always draw your shades.
- Never let anyone — repairmen, police officers, etc. — into your home without proper identification. Ask for identification.

- Never let strangers use your phone, no matter what they say. If necessary, call the police for them.
- Always leave outside lights on after dark.
- It is better to wait for an empty elevator than to get on one with a strange person.
- If you receive wrong number calls, don't give out your name or phone number.
- If you receive obscene phone calls, quietly hang up and call the police.
- In an apartment building, try never to be alone in the laundry room.
- If you suspect someone is in your house, don't go in or call out. Call the police from your neighbor's house.
- If you see or hear something or someone suspicious, call the police.

Office Security

- Lock your office whenever you leave, even if you will only be gone for a minute.
- Keep your purse, wallet and other valuables in a secure location, such as a locked desk or filing cabinet.
- Immediately report to the College Police any suspicious person loitering in your area.
- Report all crimes, no matter how minor they may seem, to the College Police.
- If you receive an annoying or obscene phone call, hang up. Write down the time of the call, what the caller said, and note any background noises you may have heard. Call the College Police.
- If you work at night, avoid working alone.
- Keep all outside doors locked.
- Walk with other employees to and from your car.
- Escort services are available from the College Police by calling 619-388-6405.
- If you are entrusted with a key to a specific area, never loan it to anyone. Keys are easily lost, stolen or duplicated.

Precautions to Take While Walking

These are the best prevention methods to deter attacks while walking. Naturally, you won't be able to follow them to the letter, but use them as guides.

- Try not to go out at night alone. Walk with a friend.
- Don't walk on deserted streets or in alleys.
- Don't go into strange or poorly lit areas.
- Use caution in parking lots.
- Don't take shortcuts.
- Don't hitchhike or accept rides with strangers.
- Walk facing on-coming traffic.
- Walk near the curb.
- Don't walk near dark doorways or shrubbery.
- Carry your purse securely in your grasp.
- Look around when getting off a bus.
- Cross the street if someone suspicious is following you.
- Call the police if you feel that someone is following you or acting suspiciously.
- Walk into an open business if you become suspicious of someone while walking.
- When you are arriving home by private auto or taxi, ask the driver to wait until you are inside.
- Have your keys in your hand so you can open your door immediately.
- Be suspicious. Looking behind you may discourage an attacker.

Crime Prevention in the Car

- Never pick up hitchhikers.
- Never allow another vehicle to follow you home. If you feel you are being followed, drive past your house to the nearest open business and call the police.
- Never leave your keys in the car.
- Always check in the back seat of your car before getting in.
- If you stop to aid others, don't get out of your car.

Ask what you can do to help, then drive to the nearest phone and call the police.

- Never leave your purse in sight. Hide it under your seat or in your glove box.
- Always park in well-lit areas, never in the dark.
- Always lock your car.
- Always lock your doors while driving.
- Always keep your car in gear while stopped at traffic signals or stop signs.
- If threatened, simply drive away. Always write down license plate numbers of suspicious vehicles.
- When arriving home, always leave your headlights on until you have opened the garage door or unlocked the front door.

What to Do if You Are Attacked

The course of action you take is strictly up to you. It is our sincere hope that you never need our assistance, that you are never victimized, but if you are attacked, here are a few suggestions.

- Use common sense; avoid panic.
- Use your natural defenses and act fast.
- Yell loudly.
- Identify your attackers vulnerable locations. Strike legs, feet, groin. Scratch the eyes and face.
- Avoid confronting force with force.
- Disengage and run.
- Your goal is to escape.
- Obtain good balance.
- Use distraction techniques.
- Run towards people and open businesses.
- Be a good witness.

During an armed attack, if you feel your life is about to be taken, you must decide what course of action you should follow to defend yourself. Once you have made your decision and started your defensive action, keep in mind

several other options and never stop trying new methods until you have completed your escape. If you cannot escape, bide your time and wait for another opportunity.

Call the police immediately!

- Cooperate fully with the police.
- Press charges when your attacker is caught.
- Be a good witness.
- Remember the attacker's description, height, weight, age, race, eyes, marks or scars, clothing, mannerisms, language, vehicle description, license number and direction of escape.

What about judo, karate or other self-defense training?

This type of training is great for physical conditioning; however, it may take several years of training and continual practice to develop usable skills. Don't substitute self-defense training for common sense, alertness and caution.

What about carrying a weapon?

It is not advisable to carry guns, knives or clubs. It is illegal to carry some of these weapons, and all of them could be turned and used against you.

Access to Campus Facilities

All SDCCD students and staff members have been issued identification cards which they may be asked to produce if there is a question about their authorization to be in a specific area. Those who need to be on campus outside of regularly scheduled work hours must be authorized for that date and time by the campus administration and notify the College Police of their presence.

Many campus rooms and areas are protected by intrusion alarms. Before entering such areas, the College Police dispatch should be notified at 619-388-6405.

It is the responsibility of those who use rooms, offices and other areas to lock access doors, turn off lights and close windows. Facilities Services staff and College Police staff will check many of the areas of the campus during off hours, but the primary responsibility for security lies with the user.

Staff and Facility Keys

Keys are provided to individual staff members on a need-to-enter basis as determined by the appropriate supervisor. Lost keys must be reported immediately to one's supervisor and to the College Police. Keys must never be loaned to other staff members or students. College Police personnel will confiscate any keys which have not been specifically issued to a particular individual. Duplication and unlawful possession of District keys is a misdemeanor.

College Property

No District property may be removed from the campus without written permission from the department chairperson or area supervisor. Unauthorized removal of District property from the campus is a violation of the law and may be prosecuted by the District.

Off-Campus Crime

The San Diego Police Department provides the college district with crime data for the areas surrounding the facilities operated by SDCCD. The college district will notify persons using these facilities when a security problem arises.

Crime Reporting Procedures

The SDCCD maintains a police department with personnel available 24 hours a day. Emergencies, criminal action or any other incidents may be reported at any time, day or night, by calling:
