

Chem 100L Lab - Safety Talk "Proof of Attendance" for those trying to crash lab during the first week

To the student: The safety talk is only given during the first week. Obtain permission from an instructor either in person or by email before attending their safety talk. You may attend any Chem100L section to complete the safety talk. When you have completed the safety talk, have the instructor initialize this form and your laboratory safety notes. To receive a laboratory add-code, an instructor will want to see this form.
