

Students, Welcome to MyITLab!

MyITLab is a dynamic, interactive eLearning program. Your instructor has requested that you have access to this online program.

To access your **MyITLab** online course for the first time, you need to register *and* log in. Whenever you want to use **MyITLab** after that, you just need to log in. You can do both from the same starting point, at www.MyITLab.com.

To register for MyITLab

To register, you will need a student access code and a course ID (provided by your instructor). If you purchased a new textbook, it should have come with a Student Access Kit that contains a code you can use to register. If you do not have a Student Access Kit, you can purchase access online with a major credit card.
